**Late for Appointment –**

At Lawrence Ob-Gyn, we value our patients' time, and we strive to see every patient as close to their appointment as possible. When our schedule runs on time, the practitioners are able to efficiently meet our patients' needs and address any issues that are presented. We ask that you support this process by arriving in advance of your appointment (this is suggested in the reminder call that you receive).

If you arrive 15 or more minutes late for your appointment, we will make every effort to see you. However, priority will be given to the patients who arrive on time. It may be that this will incur a considerable wait to be seen. If this is not convenient, you will be given the option to reschedule your appointment. Please understand that when one or more patients arrive late, it becomes burdensome for the entire remainder of the schedule...an inconvenience to everyone that we hope to avoid. This applies to all types of appointments, whether obstetric, gynecologic, or for ultrasound procedures.

Our practitioners, our staff, and your fellow patients thank you for your understanding.

***I have read and understand the above information.***
